

Silent Subversion, a series about leaving home and finding a beautiful but frightening world. In the third novel, Taylor, Cesar, and many of their friends face a new, alien world with Gerald and Max psychologically disabled, and Freddy gone. They are given a paradise, free from the domination of corrupt institutions and with nearly unlimited resources at their disposal. But something from the Earth wants the refugees returned, and it gives them an ultimatum.

This is the final installment in the Silent Subversion series, a story about leaving home. After this final book, you may see the world differently.
